PROFILE

Full-Stack Developer skilled in Angular, React Native and ASP.NET Core,, with hands-on experience building scalable web and mobile applications. Passionate about integrating Generative AI into real-world solutions and delivering high-quality user-focused products.

EDUCATION

B.Sc. in Computers and Automatic Control Engineering 2020 – 2025

Tanta University

Cumulative Grade: *Excellent (89.23%)*

Graduation Project: Full-stack healthcare platform (mobile + web) for doctor book- *Grade: Excellent*
ing, AI-based meal analysis, and medical e-commerce

WORK EXPERIENCE

Frontend Mobile Developer May 2021 – May 2022

Camp Coding Academy

Cairo, Egypt

- Developed cross-platform mobile apps using React Native with focus on performance and scalability.
- Integrated and consumed RESTful APIs to support dynamic app functionality.
- Improved code quality by writing clean, maintainable, and reusable components.
- Collaborated within agile teams on real-world client projects.

INTERNSHIPS

Full-Stack Web & Gen AI Development (.NET) Jan 2026 – May 2026

Information Technology Institute (ITI)

Tanta, Egypt

- Intensive full-time training in ASP.NET Core, Web APIs, Entity Framework, and SQL Server.
- Built real-world projects using modern frontend and backend technologies.
- Applied Generative AI concepts including LLM integration and prompt engineering.

COURSES

- **Frontend Web Development** – HTML5, CSS3, JavaScript, React.js, Redux, REST API Integration
- **Mobile App Development** – React Native, Expo CLI, Navigation, Firebase Integration
- **Computer Engineering Fundamentals** – Data Structures, Algorithms, Databases, Computer Networks (CCNA)

PROJECTS

HealthHub – Mobile Application 

React Native, Laravel, Clarifai API, Spoonacular API, Stripe / PayPal

- Built a scalable doctor appointment system with real-time availability and booking management.
- Integrated AI-based food recognition and nutrition analysis for calorie tracking.
- Developed e-commerce module with secure online payment integration.

University Management System
ASP.NET MVC, C#, SQL Server, Entity Framework

- Developed full-stack system for managing students, courses, attendance, and grading.
- Implemented role-based authentication and authorization.
- Designed scalable MVC architecture with full CRUD operations.

Employee Management System
ASP.NET, SQL Server, MVC

- Built HR system for managing employee records through an interactive dashboard.
- Applied MVC design pattern with clean and maintainable architecture.

Tasweeqar – Company Profile Website
Angular 21, TypeScript, SCSS, i18n (AR/EN), Signal-based Reactivity

- Built a production-ready bilingual (Arabic RTL / English LTR) company profile website for a Saudi construction firm.
- Developed with Angular 21 standalone components, no NgModules, and full signal-based reactivity.
- Designed a custom SCSS design system showcasing services, project portfolio, team, and contact sections.

TECHNICAL SKILLS

Frontend	Angular, React Native, JavaScript (ES6+), HTML5, CSS3, Redux
Backend	ASP.NET Core, ASP.NET MVC, Laravel, Entity Framework
Databases	SQL Server, PostgreSQL, Firebase
AI & APIs	OpenAI API, Clarifai API, Spoonacular API, REST APIs
Tools	Git, GitHub, Postman, Figma, VS Code

INTERPERSONAL SKILLS

Fast Learner	Team Collaboration	Problem Solving
Effective Communication	Adaptability	Time Management
Attention to Detail	Creative Thinking	Work Ethic

LANGUAGES

Arabic: Native
English: Upper-Intermediate
